

The Craft of Research
Assignment 5: Chapters 15-17

Write at least 2 brief responses to each of the following questions:

Chapter 15: Communicating Evidence Visually

1. When is it important to include a graph or table from your research sources?(p. 214-231)
2. Most of you will not design your own graph or table. Consult with your mentors about whether you need to use a graph or table directly from your research sources or when you may need to design one. Many of you may not need one at all.

Chapter 16: Introductions and Conclusions

3. What questions does the text suggest are important issues to consider about your introduction? Ask your mentors for feedback about your introduction. (p. 233-244)
4. What questions does the text suggest are important issues to consider about the conclusions to your research? Ask your mentors for feedback about your concluding statements. (p.245-247)

Chapter 17: Revising Style

5. An important key to a successful research paper is: REVISE! REVISE! REVISE! Be sure to ask your mentors for suggestions for revisions every 2-3 pages. This will ensure a clear and meaningful paper!
