

Khyro Dawkins
IC 501 OA: Perspectives on Mission (Online)
Course Instructor: Stanley John, Ph.D.
Lesson 3 Writing Assignment
February 13, 2021

The Doctrine of the Trinity is the Church's attempt to tell the truth about the God and about ourselves. (Tennent p74) To personalize the Trinitarian model of missions for my Ministry, I will try to explain how the Sending Father, Son as Embodiment and Empowering Spirit informs, shapes and expand God's calling on my life. In our reading it emphasizes when a missionary crosses cultural boundaries, learn a new language, a culture or seeks to communicate the gospel, this is a reflection of the Incarnation itself. (Tennent p83).

The Sending father has given us his word through the Prophets; this means that it is our commission as believers to express the Gospel to all, both verbally and in our actions. We are living in an age where there are some people who do not know the creator because of their upbringing or the culture that they were brought up in. In an effort to help these individuals, I might have to learn a new language or befriend one of the locals to better understanding of their culture.

In the gospel of Mark 8:2, it highlights the compassion of Jesus, "I have compassion for this crowd, because they have already been with Me three days and have nothing to eat". The Pandemic that we are facing have left many families and individual struggling to make ends meet, the Federal, State and Local government are in a crisis to come up with a solution to our nations problem. A food pantry would be a great place to meet people a point where they can be assured that God can supply them with all our needs according to his riches in glory. In addition there might be individuals that need clothing; it would be good gesture to have several clothing drives throughout the year to meet their needs.

Education in America is one of the main reasons why people come to this country, regardless of their culture, race, religion; this country is renowned for our higher-education programs. It is good to be able to come to America and benefit from this, but what about those who for one or another reason cannot leave their native country. In Mark 16:15 we were give a directive "And He said to them, Go into the entire world and preach the gospel to every creature". We are still supposed to look for those who the gospel is inaccessible to. In doing so an education center could be set up in any country that has this need. In this way people can be educated not only in reading, writing and Arithmetic, but in the way that God expresses his love for the entire world.
