

Homework#1

write a Journal Entry about an important choice you made and include reasons why you made that choice.

turn left or turn right

Make a choice like turn left or turn right, easy but may totally change your life.

It seems we do choice everyday in our life. Do I move out of New York or choose to stay in New York in the middle of an epidemic? Which option is better? Move away from New York, so I will live in relative's house. Get among them for a long time is not simple, otherwise, I am taking a child, it must be a trouble to them. And stay in New York? Danger, virus danger, security danger, etc. What to do? Very hesitant.

Forget it. Forget it. Stay here. Get in and get out. The situation is improving.
