

## SYLLABUS DESCRIPTION

### ***Case Note Recordings (2) (5%)***

Draw from your field experience to document an interview with a client system. You must demonstrate the following case note recording styles: (1) Narrative, (2) SOAP. Case notes are to reflect an understanding of the strengths perspective and demonstrate effective communication skills in your work with individuals and/or families. (See assignment guide below and on E360 for details)

### CASE NOTE RECORDING ASSIGNMENT GUIDE

- 1) Review the handout about Incorrect and Correct Documentation Examples.
- 2) Review the handout about the Narrative and SOAPIER case note examples.
- 3) Identify an interaction you had with a client.
- 4) Document your interaction with client using the Narrative method
- 5) Document the same interaction again using the SOAPIER methods
- 6) Submit your document in the appropriate dropbox on E360.
