Racial/Ethnic Identity: Student addressed this aspect thoroughly and demonstrated awareness of this topic.	You did not address your racial and ethnic identities in this section. The purpose of the assignment is for you to share your cultural identity development, not provide an overview of the African American racial group as a whole.	10/60
Power and Privilege: Student addressed this aspect thoroughly and demonstrated awareness of this topic. What meaning do you make about your identity based on these parts of your identity? What **privileges** might these parts bring to you? What privileges might you have been denied? How does the influence of your ethnicity influence how you think and act?	This was not addressed in the paper. After completing the power and privilege seminar and watching the videos and doing the checklists, what areas of your identity bring your power? Speak to this aspect in this section.	5/ 20
