Professional Improvement Plan (PIP)

Domain/Component #/4

Goal/Plan for addressing

weakness # 1 Using websites and electronic programs to keep students' records and assignments.

My goal is to learn which program is being used to input students' grades and the website where students can view their work.

How will I assess my progress?

I will assess my progress by working with my CT and asking questions. Whenever possible, inputting students' scores into the system.

Goal/Plan for addressing

weakness #2 Send frequent news letters of what students will be learning.

My goal is to send parents more information home about students upcoming lessons.

How will I assess my progress?

I will assess my progress by noting the amount of information given to parents in a biweekly manner.

Goal/Plan for Addressing

Weakness # 3

Taking leadership roles is my weakness. I have a hard time feeling confident in my capacity as an educator at times With teachers that have more time on.

How will I assess my progress? I will do my best to give input and help out in areas in the school.
