

NAME – SENGUL AKDAG

8. Allison continues to roll the die. The results are shown in the table below.

a. What is the experimental probability of rolling a 6? 1/6

b. What is the theoretical probability of rolling a 6? 1/6

c. Which probability is greater? the same

How much greater? the same

d. What is the experimental probability of rolling an even number? 71/144

e. What is the theoretical probability of rolling an even number? 1/2

f. Which probability is greater? theoretical

How much greater? 1/144
