

Lesson 6: Time and Beyond Time Document Sharing

Assigned **Reading**: “**Time and Beyond Time**,” by C. S. Lewis.

Questions, to be answered in three or four-sentence paragraphs:

- 1.) We describe God as “omniscient” and “omnipresent.” To Him, all things are present, in some respect. How do you, personally understand His foreknowledge? Does “time” have the same meaning to Him as it does to us humans?
- 2.) Can you see that what we consider to be a “commemoration” and a “day” of celebration” could be part of God’s eternal day and eternal time? Explain.
- 3.) In what sense is the celebration of Pascha (Easter) both temporal (in time) and eternal (outside of time)?
- 4.) In what sense are we both in the restrictions of the temporal, and “seated with Christ in the heavenlies?” How does this spiritual reality affect our worship?

There is a field-trip assignment over Spring Break. It consists of visiting another type of church than that in which you regularly visit. Please check your Syllabus for details.
