## PART B

*Please write short answers below to explain your answers to the questions in Part A. You can use additional paper for your answers.*

1. Please explain any discrepancies between your Field Study Contract and your Field Study experience. (Question #1, Part A)

As far as ministry, there aren't many discrepancies in my Field Study Contract with my Field Study experience. Every single week, I feel that everything is going as plan. I thank God for that. Weekly, I plans to bless others and find ways to grow my ministry as well as myself. I am grateful that everything is going very well, according with my plans and with no discrepancies.

2. With your Mentor, discuss your score in all parts of your Field Study. Ask your Mentor to sign if he/she agrees or disagrees with the scores you gave yourself. What specific changes do you need to make to achieve those goals? (Question #2, Part A)

My mentor agrees with the scores I gave myself.

3. Where do you want to see changes in the relationship with your Field Study mentor? (Question #3, Part A)

I do not want to see any changes with my mentor. We have excellent student-mentor relationship. Besides that, he is my chaplain and friend. I like the way he teaches and corrects. He leads by example and speaks words of wisdom. He is a great leader, good Christian and I would like to continue learning for him.

4. After asking someone at the church/institution (who was not your Mentor) for information to assess your involvement in ministry, comment here on the feedback received by that person. (Question #11, Part A)

My OIC, CH (CPT) Vargas loves the way I perform in my ministry with my Soldiers. Tells me that I am proactive, a team player and very accessible. He likes the way I perform my Religious Services and how I give counseling to my Soldiers. He is currently helping me in my music ministry and it has being such a wonderful blessing too.

5. Do you raise here three significant contributions that you consider having made to your church/ministry institution? (Question #12, Part A)

- A. Community Service
- B. Increasing the moral in my troops.
- C. Ministry through music

6. Give examples of how your involvement positively affected your church/ministry institution? (Question #12, Part A)

My ministry is to nurture the living, care for the wounded and honor the fallen. My ministry affected positively the lives of Soldiers in need. Soldiers that sometime must deploy and be far from their loves one. My ministry helps Soldiers to be resilient both spiritual and mentally. Through religious services, counseling, and ministry of presence, I help Soldiers to be always ready for the mission because their problems were taken care of. They must feel that they can rely in their unit chaplain. My goal is to maintain high moral in the troops, help them with their personal and marriage problems and the most important bring my Soldiers to God and God to my Soldiers.
