PMN201: Nyack Heritage

Dr. Stephen Nelson

Response Paper

Nyack Heritage has taught me more about God, and I will take this class and carry it out throughout my life. A.B Simpson is the founder of the Christian and missionary alliance; he goes into details about living for God and what we mean to him and better understanding the afterlife. I love that he went into the 1st chapter about the meaning of salvation and its power in our lives. We are all sinners, but God's grace frees us from death. He only wants us in the right direction and walks with faith. In Chapter 2, he goes into further details regarding the sacrifice Jesus did for us on earth to set us free from our sin. He also goes into the meaning of sanctification and how it affects our daily lives. I will allow God to enter my life's and follow the commandments that will lead us into an eternal joy of eternal life. Chapter 3 tells us about the true meaning of Christ's healing. If we have faith and believe God will do the impossible, he can and will no matter the sickness. God is an amazing God who will, no matter the relationship you have with him, be there to hear your prayers and heal whatever you are going through. Simpson allowed me to see that God has the power of healing no matter the situation. He gives us the holy spirit who lives within us to guide us. Chapter 4 Simpson talks about the reassurance that we will one day be with God and live in a stress-free world. "There will be no sickness and no pain" and live forever. 1 John 2:17 says, "the World is passing away and also its lust, but the one who does the will of God lives forever" therefore, it is essential to follow God's commandants and pray to him to lead us into the right direction. Chapter 5 talks about how taking a walk with Jesus, as Jesus

did for us when he was on earth, God gave up his only son for us to be able to be forgiven and live forever in his kingdom.

It also showed us the life that Jesus lived. He endured a lot of pain and betrayal on earth, and this goes to show us that whoever takes a walk with God will go through temptation, but we must take faith because he is always with us through it all; even though the road will be narrow, you will see the kingdom of God. God will tell you Well done, my good and faithful servant, "and I can't wait for one day I get to hear those words. Chapter 6 tell us about the protection that God has over us. We should always have a thankful heart because he has done many things for us. After all, we are blessed. God is never absent. He is always there for us, and he will always meet us wherever we are. We serve a good and faithful God.

Nyack College is a great Christian school where it made me focus more on Jesus and build a stronger relationship with God. It made me give some quiet time to God throughout my busy life, even if it's 5 minutes. I always make sure now I leave some time to talk to God. Because of Nyack, I will continue to walk with God and give my life to him, and even when my eyes are closed, I know he will guide me in the right direction. There are times when I felt like giving up, but I learned not to let my emotions get the best of me and grow that closed relationship with the lord. Even as I got closer to God, my friends and family have noticed the difference in my mood and how I have been more positive and in a happy place than I once was. God made me come out more substantial, and I am thankful. I want to continue to go to church. Even in the bad days, I want to turn to Jesus! Because I know he is the truth and the light to all things in my life.

God is in control of my life, and his will for my life is what I am looking forward to. I believe that God wanted me to go to Nyack college to get my BSN and become a nurse and help people

worldwide. That is my mission on this earth is to help others. I believe that God has amazing things in store for me and knowing this makes me more excited. I will continue to follow God's footsteps through prayers and carry out his mission for my life. I want God to give me the strength and grace to grow during this change process. Ephesians 3:20 "Now to him who can do far more abundantly than all that we ask or think, according to the power that works within us."
