Paper Proposal

My paper is going to be on Mary, the mother of God. The thesis of my paper is going to be about her life, and who she is to the Church. It seems for centuries there has always been a debate over that, so I want to research different views on that and compare them to each other in my paper. There is not a lot about Mary in the New Testament, so I want to research more about her, and I am excited to find out more.
