Danielson Framework Self-Assessment Domain 4 Professional Responsibility

Directions: Use your Danielson text for criteria for your self-assessment. Use the criteria listed in your text for the appropriate **Domain** and **Components**.

On the second column insert your perceived performance level based on Danielson’s ratings: **Unsatisfactory-Basic-Proficient-Distinguished**.

On the third column list a strength that you believe you have for the component.

On the fourth column list a weakness you have for that component.

In the space below write a brief **Professional Improvement Plan (PIP)** to address your top three weaknesses.

Domain 1 Professional Responsibility	Performance Level	Strength(s)	Weakness(es)
4a Reflecting on teaching	proficient	I am good at reflecting on my lessons and seeing where I can do better in the future. I am open to making changes while in the middle of a lesson and in the future.	I could do a better job at creating records of what works and what does not work in the classroom.
4b Maintaining accurate records	proficient	I am good at keeping up with grading and the gradebook.	I need to do a better job at reviewing assignments with students.
4c Communicating with families	proficient	I am good at and even enjoy communicating with parents, it can be difficult but I always try to make sure the parents know my intention is for their child to be successful.	I should address more positives with the parents with either notes or newsletters.

4d Participating in a professional community	proficient	I would say for student teaching I feel pretty involved with my colleagues; taking their advice and what not	I could do a better job at participating in meetings and after school activities.
4e Growing and developing professionally	proficient	I am very open to feedback and strive on making my work better.	I could do a better job at just taking criticism and not trying to give my explanation of why I did something. I should ask how I can do better, not question why I should not do certain techniques.
4f Showing Professionalism	proficient	I take pride in being a professional. I would like to believe that I have a good work ethic that aligns with being an on time, respectable, hardworking employee.	Again, I would say that I need to work on taking criticism without giving the explanation of why I do certain techniques. I know it can come off as rude and unprofessional.

Professional Improvement Plan (PIP)

Domain/Component #/4

Goal/Plan for addressing weakness # 1

I would like to participate more in after school activities or on going fundraisers. An important part of school is the community surrounding it, I would like to be a part of that community by volunteering.

How will I assess my progress?

I will volunteer for fundraising or extracurricular activities at least twice a marking period. Either helping organize a fundraiser like collecting canned goods, or staying after school to help chaperone after school care.

Goal/Plan for addressing weakness #2

How will I assess my progress?

Goal/Plan for Addressing Weakness # 3

How will I assess my progress?
