**Do you have a question I can answer in the next class?**

Not yet.

**What are you most looking forward to learning in Global Lit II?**

I've always favored discussions since it helps to give me insight on the perspective of my classmates as well as helps me to connect with them better. I'm also looking forward to the historical aspects in the lessons we will learn. I believe this is the last history related class I will be taking before all of my classes transition to mostly Social work before I graduate so I'm excited to make the most of it!
