

1. Where are you from?

My name is Sebastián Alexander Brenner Pradenas and before I came to Alliance I lived in Quickborn, which is a small town close to Hamburg which is located in Germany. My father is from Germany and my mother is from Chile so I am both and I have both nationalities. I also would say that I am both because I grew up in Chile until I went to school and I speak fluent Spanish and from then on I lived and went to school in Germany and as well speak fluent German.

2. What are you studying?

I am studying Business Administration with a concentration/Minor in Sports Management and I am a Freshman in my 2nd semester.

3. Who would you say Jesus is to you?

Jesus for me is the person that cared for the poor, cared for and healed the sick people, someone who loves us and is available to all of us. He is the one that died and forgave us/them for killing him.

4. What do you dream of doing with your life?

As a little child, my only dream was to become very rich and successful because that used to look to me like happiness. But recently I have found out that my happiness would or will not come from being rich and successful. I dream of learning a lot of skills and having a lot of knowledge and starting a family and living old together because that's what will make me happy.

5. Who is one person you admire in life and why?

I admire my father very much. He is a very busy man that in my childhood wasn't a lot at home because he was always on business trips and I only was able to see him on the weekends. The reason why I admire him is that he is such a good person with such a big heart and is the best and does everything to keep the family together and happy and but also can divide his job from family. And he had an impressive career and glow up looking from where he and his family came from and these are only a few reasons why I admire him.
