Hello! My name is Mia Espinoza and I'm a freshman at Alliance from Riverside, California. I'm currently majoring in Business Administration. I'd say Jesus is the reason for every blessing that has brought me here. I dream of working successfully in the fashion industry and being the most accomplished of my family. One person I admire in my life is my father. He has sacrificed a lot to get where he is today and to give us opportunities that he never got as a kid. I'm looking forward to your class. Thank you.
