Who Are You Assignment

My name is Eileen Murphy and I was born and raised in Westchester, New York. When I was born I lived in Sleepy Hollow, New York and moved to Peekskill NY four years later. I grew up in a hispanic household as my mother and her family had recently immigrated to the United States from Ecuador when I was born. My dad had also recently moved to the United States from Jamaica. I'm currently in the social work program but I'm indecisive between social work and psychology. To me Jesus is Lord and savior. Jesus saved me from the path I was on and from my own destruction. I now follow him and dedicate my life to him although it can be hard at times. I do stumble but by God's grace I get back up. God has done so many great things in my life and one of them was bringing me here to Alliance University after I was essentially a hermit afraid to leave the house for 6 years due to negative experiences I had in High School. I never thought I could leave the house again but with God all things are possible. I'm honestly still shocked and so are the people who knew where I used to be. With my life I dream to do whatever God has planned for me. He shows me one step at a time and I follow. Hopefully I will be a vessel for God to use to free and heal people from their suffering such as trauma. I like doing research, writing and meditating on God's word. I think with those things that He's placed in me there will be something unique for me to do. One person I admire in life is my mom. I admire her hardwork and discipline. She came to this country with nothing and became the most successful person in our family, she's patient, kind, and disciplined to do Gods work.
