

A Brief Introduction

Hello, my name is Ting Xue, you can call me April. I come from China, this is my second semester, my major is Liberal Arts and Science.

Jesus is the Christ, the Messiah and son of the living God. Two words would describe Jesus: Savior and Lord. Jesus Christ is the reason we exist, He is the purpose and explanation of life. He is the answer to man's desperate need for salvation.

I am going to study nursing in my future, I'd love to help people in need, take care of myself and others, it's a really grateful occupation.

The person who I admire the most is my instructor, Coach Sweeney. The reason why I admire him because he has many great qualities that I like about him, such as intelligence, strength and humorous. He taught me a lot about humility, how to love ourselves and others, self confidence is really important. The ability to learn, being open to learning, is a remarkable quality of highly successful people.
