

For my research paper topic, I would like to do my research on a character study of Pontius Pilate. The reason for this is because He appears in all the accounts of the Gospels in the New Testament, but not much is known about Pilate's life, except that he was the Roman governor of Judea. It would be interesting to know where his origins came from and how he ties into the history of the Land of Israel. Pontius Pilate also played a role in God's plan of saving the world through the death and resurrection of His Son Jesus Christ, whether he knew it or not. These are the reasons why I want to a character study of Pontius Pilate.
