### Summary

A brief summary of Spiritual Journey Dr. Wanda Walborn has all the elements that is needed for spiritual transformation in ones daily walk with God. She mentions in her book why spiritual formation is important, Brokenness, a place to belong, acceptance, identity in Christ, hearing God's voice, character of ones self, Intimacy with God and where do I go from reading this book when I am done with it. All these points are necessary for one's spiritual growth with God. All of the points she mentions reminds me of why it is important to lead

a life worth living to serve in God's kingdom. I agree with most of her comments in the book. Chapter 7 "Hearing God's Voice" I constantly yearn to hear God's voice calling me To figure out what he wants me to do in serving him whether in the house of worship or or praying for the missionaries all over the world. "On the spiritual Journey, connection with God by speaking and listening is called prayer." (p.146) Right before anything I do around A church activity I pray how God will lead me to participate in the ministry that I am involved In. Prayer is such a vital part of the Spiritual Journey one can always use. Identity in Christ Is another point mentioned in Dr. Wanda Walborn book. When I participate in a chose ministry I have to remember why I am participating in the ministry. It feels wrong if I find myself I have to force myself to be active in the ministry. Relationship with Jesus is Important. Jesus knew his mission on earth. I have to remind myself about my Identity in Christ Jesus. For God's glory I will serve in the outreach and church activity.
