Please complete this section and check all boxes that apply:

- I have agreed to be a mentor for Aura Angulo (Student's name)
- I will make it a priority to attend to **Field Education Prep Seminar**.
- I will meet with my intern for weekly supervisory sessions to discuss his/her spiritual formation, skill development, and ministry related topics.
- I will complete mid-way and final evaluations (given at the Field Education Prep Seminar)
- I understand that the primary purpose of this Field Education is for this student to learn from me; not for me to have another staff member.
- I believe that in investing my time in the life of this student reflects Christ's commission to "make disciples," and it is therefore an important use of my time.
