Week # 5

Hours This Week: 27 hours Total Hours: 127 Hours and 10 min./360

| HOURS SPENT / TASKS & ACTIVITIES | REFLECTIONS JOURNALING THOUGHTS PROCESSING |
|---|---|
| 3 Hours-Epic Training | This was an exciting opportunity, because I got to learn the heart of using the logging system and was graced with access within an hour after doing the class. |
| MICU-Patients counseling of patients in critical condition. | I enjoyed this part of ministry because a lot of these people did not have any family at their bedside and they were very sick. I was requested to return for more counseling one day after initial treatment. This was an honor. |
| Logging for counseling of patients referred by nurses or doctors. | This piggy backs off the other, but this is a huge stepping stone for me, my ultimate goal is to be with the palliative care patients. |
| Spanish lessons | My Spanish is picking up. The Lord's Prayer is coming easier. Padre Nuestro... ☺ |

This week's therapy session was really beautiful because Father Amobi educated me with tips to fight fatigue and lessons on eating properly to shed unwanted pounds. I will keep you posted on the weight loss journey.
