CHRIST OUR HEALER

JOURNAL 3

Christ our healer you see that God is always working on behalf of his people and he is working on my behalf. David in Psalm 91: 11 says, “The Lord will give his angels charge over us and to keep us in all our ways. He also says in verse 15, we shall call upon him and he will answer us. He will be with us in trouble, he will deliver us and honor us.” As I reflect on my life, I see the many ways God has worked on my life, he all the time working behind the scenes guiding, protecting, and providing for me. As a child we would climb a lot of trees and when we fall God heals us in every situation of our lives. Today I’m rejoicing in the God of my salvation knowing that he was there all the time, and he is still here with me. Whenever I am sick God is there to strengthen and protect me in my time of weakness. He is in control of every situation of my life, he also says that he will never leave me nor forsake me. When things come against me I will say God is bigger than any problem I have, he bigger than any sickness I may face in my life. He has promised to supply all my needs according to his riches in glory. His word to me to is “Be strong in the Lord and in the power of his might.”
