Conservatism, is a society that are opposed and are of traditional values and relies on the individual to support tradition.

Classical Liberalism is a political and moral philosophy on the rights of the individual. The government needed to be responsive to the people and that people needed more freedoms such as, freedom of speech, to vote, etc.

Nationalism, is defined as the language, common culture of a nationality. Being proud of their country with the feeling that theirs is better and more important than other countries. Feeling so dominance.

Socialism, (utopian socialist) where people will work for the communal good. They will work hard, by giving the best they can in that society and they are only going to take what they need from that.

Romanticism, is a reaction to the age of enlightenment. Romanticism attitudes, ideals and feelings which are romantic rather than realistic.
