Christ as a sanctifier

What does it mean to Sanctify? It means to set apart and make holy. Jesus the son of God is most definitely sanctified. He is holy and set apart. After we are saved by Jesus from our sin and shame we start our journey of sanctification.

What is God sanctifying us from? The sins of this world. The world is a place filled with false Gods. Whether that is real False Gods or idols like fame and fortune. When we start to live like Jesus we start to move around the world differently.

For example, When I gave my life to Jesus I started to Pray before meals, No matter where I was. At school my friends would start to eat and I would take 30 seconds to pray. I Got looks. Then God called me to watch my language. So I started to curse. My friends noticed right away. I was starting to be set apart by my actions and I sometimes God picked on because of this.

Why does God sanctify us? I believe God does this because it helps us become closer to him. Sin was never a part of God's plan for us. We were supposed to fall into the patterns of this world. When You give your life to Jesus he changes you. You become more and more like him and it's a beautiful thing. Through prayer, Fasting and reading my word I started to grow in my faith and feel God's heart. We receive this Gift but give God our heart and mind. I am enjoying my journey on sanctification.
