### Dropbox Week 5 - Personal Project Details

#### Instructions

Submit your plan for your personal project database. This should include a description of the project itself, the type of information you are going to collect, and the name of the tables you will need to create.

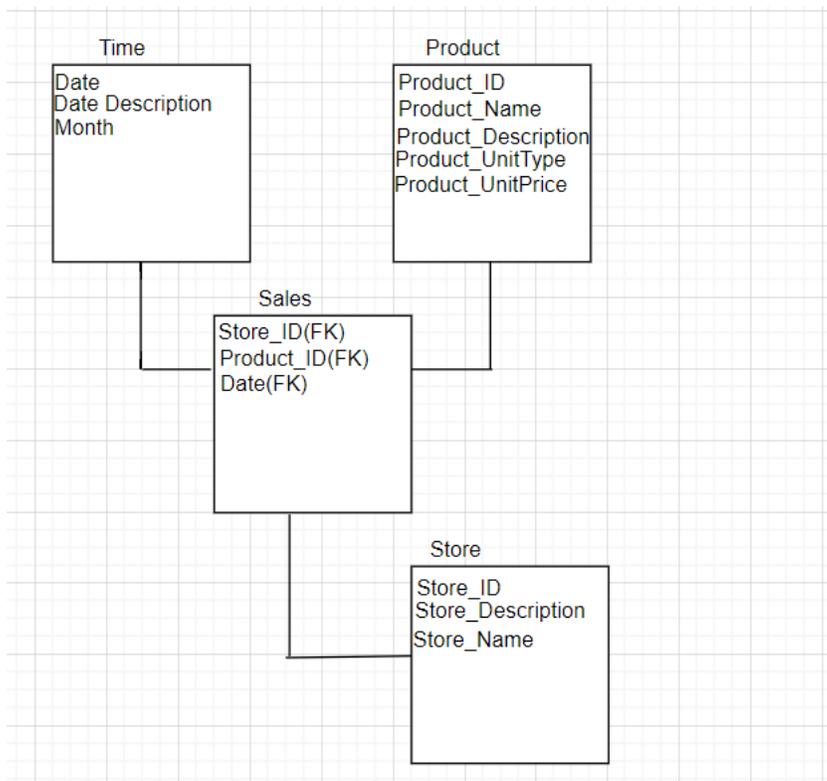

What to include:

- General Description
- ERD (Logical and/or Physical, but logical is enough)
- Explain what each table will provide with regard to data and any relationships that are notable.
- Estimate how many rows of data each table will hold, this does not need to be exact but close.

Due: **February 27th at 11:59 PM.**
