#### Fact Pattern #1 Question 1

The issue here is whether or not Pedro's miranda rights were violated. In this situation they were. In this scenario the officers never stated Pedro's miranda rights while they were arresting him.

#### Fact Pattern #1 Question 2

For this scenario Pedro's rights were definitely violated. Under the sixth amendment, everyone has the right to a fair trial, the right to a lawyer, and the right to a jury. The scenario does not state that Pedro was provided with any of that, therefore his sixth amendment rights were violated. Everyone who is accused of any crime should have the right to a trial so that proper justice is administered.

#### Fact Pattern #2 Question 3

The issue that Miguel and Joe are having in this scenario is they feel that their rights were violated because their marriage would not be recognized by the state of New Jersey. I believe they do have some standing in feeling their rights are being violated. They have cause to feel that the state of New Jersey is enforcing a law where they are not being treated fairly because of who they want to marry. It goes against their privileges as citizens of the United States.

#### Fact Pattern #2 Question 4

Me as Miguel's attorney I would have to tell him that he may not prevail regarding this issue. I would have told him, if he brought the stones and placed them in the wall he should have taken them up when leaving the apartment. Once a tenant leaves whatever is left in on the property is transferred to the owner and they should not be held responsible for reimbursing the tenant back for anything left behind. I would go through his lease to see if there is any clause regarding this issue.

#### Fact Pattern #3 Question 5

Yes Iliana and her clinic will be held responsible for the damage Bob caused to Henry. The injury happened at the clinic by an employee of the clinic. Bob should have tried to deescalate the situation better by asking Henry to calm down a couple more times. He did not have to so forcefully with Henry. Bob is responsible for Henry's injuries, Henry has standing in this case.

Fact Pattern #3 Question 6

This is more of a civil case because Henry is suing the clinic for the injury caused by Bob. Criminal charges are for cases involving robbery, murder, rape etc. However this is a case of dispute and Henry suing the clinic for not only the injury but the bill of \$100k he has to pay.
