

## **Transformed** | Michelle Adu-Asah

found myself in a broken place  
all this pain didn't fade away

I was lost in my sin  
got too comfortable in it  
took a look at myself  
couldn't tell who this girl is (2x)

There's transformation  
and breakthrough from bondage  
There's only Jesus who leads  
if you want it (2x)

found myself in a brand new space  
pick my cross, take it day by day  
all my days I will sing and praise  
I'm renewed, restored, Christ to I belong

I was lost in my sin  
I'm not comfortable in it take a look at myself  
I can tell who this girl is (2x)
