---

**Complete this form during the first week of each placement. Make eight goals for yourself for the placement, creating two for each area of our SALT conceptual framework.**

## **Service**

1. Assisting all students in every aspect when they ask for assistance or where you feel they need it.
2. Giving students support to complete their work where you feel is necessary. For example; if a math lesson is being taught of multiplication or division; manipulatives or multiplication chart to aide them in completing the questions and for the students to understand what is being taught.

## **Academics**

3. To make sure the work I am differentiating is challenging the students the best of their ability and they are capable of completing it after instructions is given.
4. To have students teach their peers and to work in groups more often so the students can learn from their peers.

## **Leadership**

5. Showing a positive attitude while teaching the students and making sure I am engaged while teaching.
6. Excitement draws majority students to wanting to learn and eager to learn and wanting to know what is next.

## **Teaching**

7. Making sure students are able to reiterate what was taught to them at the end the lesson.
8. Making sure all students are engaged even those who do not want to work.
