

# Cloud or Not

Santiago Proaño

S

Low cost  
Hardware cost low  
Easy to learn  
Can easily be integrated into the business

W

Always connected  
Could be unavailable at random  
Security Breach  
Inexperienced workforce  
Hard to Master  
Not in control

O

Our business to catch up or be ahead of the game  
More money for other project  
New tech  
More streamlined workplace

T

Cyber Attacks  
Leaks  
Power Outage (No WiFi) or  
Cloud Offline  
Cloud Company is gone
