

PEER EVALUATIONS

Permanent In-Class Teams

Team Color: Team Name: Group B

To help your team become more effective, please give your team-mates some anonymous feedback. Consider such things as:

- Preparation: Were they prepared when they came to class?
- Contribution: Did they contribute to the team discussion and work?
- Gatekeeping: Did they help others contribute?
- Flexibility: Did they listen when disagreements occurred?

You have 100 points to distribute among your team-mates (not including yourself). These are anonymous, so be honest. ☺ (Note: If you give everyone pretty much the same score, you will be hurting those who did the most and helping those who did the least).
