

Gupta Empire Take Aways

1. The people of the Gupta Empire were viewed as happy and prosperous (or rich) and practiced sharing what they had with one another in acts of benevolence and righteousness.
2. The King of the Gupta Empire, Chandragupta II, did not use capital punishments while ruling.
3. People in the empire did not kill any living creatures.
4. Mathematics and the sciences were very prevalent during the age of the Gupta Empire along with drama and the arts.
5. It was a Gupta mathematician/astronomer name Aryabhata who proved that the Earth went around the Sun.
