## PARTE B

*Favor escribir abajo respuestas breves para explicar tus contestaciones a las preguntas en la Parte A.  
Puedes usar papel adicional para tus respuestas.*

1. Plantee aquí cuatro (4) piezas de evidencia (ejemplos) para respaldar sus puntuaciones sobre el progreso de su Interno(a) en cumplir sus metas del Contrato de Estudio de Campo.  
(Pregunta #2, Parte A)

A. **Evaluation:** I believe Maureen has had great introspection in her life during this season of her life. There are certain things within her heart that has surfaced through our discussion that will attribute to greater maturity in her life.

B. **Observation:** Maureen has sat down in my meeting with my staff. She has observed the spiritual, emotional, physical, and mental challenges that we face on a daily basis. The decisions that have to be made and the difficult conversations that are often had.

C. **Planning:** Maureen is currently planning the execution of two outreach events in our community. She is coordinating a grocery distribution in one of our city's senior building and she is also going to provide hot meals to those in need. We have many individuals and families that are homeless. Both of these events will have a holistic approach in reaching and blessing the individuals we will encounter.

D. **Recruitment:** Maureen will be using her abilities to recruit, develop, and lead other volunteers to execute the outreach events that she has planned.

2. Específicamente, ¿cuáles destrezas considera usted su Interno(a) está desarrollando bien?  
(Pregunta # 2, Parte A)

I think one of the abilities that she has done well is integrating herself in a new community of faith. She has been purposeful to build relationships, to serve, and to leave her mark on hearts. It requires courage and intentionality to see change and growth. It's been a short time since she has been a part of our church, but it is evident to me that we are blessed to have her.

3. ¿Sobre cuáles áreas de su relación de mentoría con su Interno(a) se siente usted satisfecho?  
¿Dónde desea ver cambios? (Pregunta #3, Parte A)

I am pleased with her passion and sincere heart to do God's will. I know she has faced and is still facing certain challenges, but her heart's desire is to live for God and to obey him fully. I am very satisfied to see that in her life. So far she has been very receptive to certain changes or steps that I have encouraged her to take.

4. Específicamente, ¿qué recomienda usted que ayudaría a su Interno(a) a estar mejor preparado para ministerio adicional? (Pregunta #9, Parte A)

I believe that the major thing that she needs is exposure to more opportunities within the church. I personally don't think that she has scratched the surface of her potential. I am encouraging her to continually seek to maintain her emotional, mental, and spiritual health while choosing to minister. Our ministry will not be effective if we are not taking care of ourselves.

5. Plantee aquí ejemplos específicos de cómo el involucramiento de su Interno(a) afectó positivamente a su iglesia / organización ministerial. (Pregunta #8, Parte A)

As I have stated earlier, Maureen is new to our church. It is hard to see the impact at the moment but I know the seeds have been planted and the fruit is on its way.
