## **APA Literature Review Paper Outline**

### **I. Introduction**

- a. Will describe the overall topic about dreams. How it is discussed in the text under Jung's theories and why I am interested in this topic.
- b. Would like to go into the different themes and trends focused on the idea of dreams and what researchers are saying "briefly".

### **II. Body**

- a. Overview on the topic of dreams. What different characteristics dreams are said to have.
- b. Study 1: How are dreams explained by Jung and the studies surrounding it.
  - i. Examples from other views by other psychologist about dreams in relation to Jung's.
- c. Study 2: Christianity views on what dreams are and what they represent.
  - i. What are researchers' ideas on the view of dreams from a Christianity perspective.
  - ii. Research the difference of ideas of phycologists verses religious views.
- d. Study 3: Compare and contrast both views.
  - i. List the similarities if any along with researchers' viewpoints.
  - ii. Discuss how society has changed along with the different views and how may continue to change in the future.

### **III. Conclusion**

- a. What is my stance and what was learned from the studies?

**b.** Can Jung's view possibly come from the views of Christianity in some small way.
