Research and Writing Assignment

What depictions of the Holocaust are you familiar with?

1) I've heard a lot about the Holocaust but haven't done my very own research. Last November, I visited Washington D.C but fail to make it to the Holocaust Museum. One of the things that I'm familiar with is Hitler having a tremendous amount of power over the Jews during this time. One depiction I'm familiar with is the antisemitism that we've come across over the last year or so. Another depiction is the "star of David" which supposedly symbolizes Israel.

Who projects them?

2) Those who are anti-Jews projects these movements and hatred acts. Recently, we had a popular hip hop artist make some hatred claims that were very much antisemitism. People who think they have an idea of these different symbols take advantage of it without really understanding history.

Why do they do so? - what propositions about identity and meaning of the world do image of the Holocaust attempt to create?

3) Many do it based on being rebellious and ignorance. Some of these images represent the relationship between God and the people of Israel.

What conditions in today's world make for the continued resonance of such images?

The power in politician. One person trying to run the show.
