Unit 2, Lesson 10

1) What is the Triduum? When is it celebrated?

The Triduum is represented by the days on which Jesus celebrated the Passover with His disciples, the day on which He died on the Cross, and the day on which He rose from the dead. It is celebrated during the holy week.

2) How is the Triduum related to the events of the Old Testament? Which events does it recall?

The Triduum is related to the events of the Old Testament because there are a lot of instances where the number 3 is used to describe events. For example, the number recalls the days the plague of darkness afflicted the Egyptians and the three days Jonah was inside the belly of a fish.

3) Using the paper in Document Sharing as a guide to Triduum events, list 10 hymns and 20 choruses that might be used to illustrate and celebrate the events celebrated in the Triduum. Give the name of the event, and then the name of the hymn or chorus and a little of its content. You do not have to quote the entire hymn! This exercise should demonstrate your ability to choose music which is appropriate in content and style.

4) Explain how the saving acts of God in Christ are celebrated in your church, especially during the Great Three Days.

During the Great Three days, we gather as we listen to Jesus's last seven words on the cross. We worship and give thanks because through his death we now have eternal life. We also fast and then we celebrate his resurrection, we gather together and thank God because He has risen and conquered death, hell, and the grave.
