

What were the failures of the Mongols?

The Mongols failed to invade Southeast Asia and Japan.

What were the successes of the Mongols?

The Mongols created the first free trade zone.

What is one thing you found interesting/new about the Mongols?

One interesting fact about the Mongols that I learned from the video is that they were the first to create a free trade zone, which was known as the Pax Mongolica. This allowed for the free movement of goods and people across the empire
