This week was a meeting with two Greek Christians to plan and coordinate a event to gather Christian Greeks to start a small group bible study prayer time. This was an answer to some prayers. Christian organization do not typically draw Greek students. I had zero contact coming into this year, I was a Greek student when I was a student for a year and sent email to that sorority to see if anyone was interested and they sent it out to all the Greek organization president. One contact was gained from that. At one our outreach events a student connected with a Greek student. These two men help plan the event for next week. God has plans I am just need to be faithful to follow them.</p> <p>SGL meet and prep: Student attendance at these has been low and that is understandable at this stage of the semester. The focus of these meetings and one on one with them has focused more on their spiritual formation. This week's focus was near to my soul and was about spiritual disciplines in the transition of seasons from intense school to summer jobs and school.</p>

<b>MEETING(S) WITH MENTOR(S)    TOPICS OF DISCUSSION    REFLECTIONS</b>
<p>This week we talked through some things with the Greek outreach event planning and the wider IV outreach. We are starting to talk more about things to close out for the semester and hand off of tasks he is covering and who will be covering those next year. We talked a bit about small groups for next year and plans for a camp we are holding the week after final exams.</p>
