

**1. What have you liked about the course?**

I really enjoyed the content of this course, personally, I felt that it was practical information that I took into my field placement each week. I enjoyed the class structure, which was organized through the various life stages. The life stages were interesting to discuss in class because of everyone's experience with nearly every stage.

**2. What suggestions do you have for improvement?**

I would think doing practice quizzes in a form of a game will be helpful to retain specific theories and terms presented in the class. I believe this would add the cherry on top of this already amazing class!

**3. What have you done that has helped you learn effectively in this course?**

Reading the textbook thoroughly, I really enjoyed the textbook since it was easy to read and engaging. I

**4. What could you have done differently to improve your learning in this course?**

Ask more questions in class in areas that I wasn't fully confident in.

**5. What has the professor done that has helped you learn?**

I really enjoyed it when the professor would allow us to create case studies or scenarios to have us teach each other the content of the class. It was engaging and entertaining. I looked forward to coming to class every week since the professor also started off with an encouraging sermon each week which really got me motivated for the class and for the rest of my career.

**6. What could the professor have done differently to facilitate your learning?**

N.A Professor Philbert is an amazing professor, I hope she teaches more classes. I really learned a lot from her both academically and even spiritually.
