Some students who were at the orientation already were not on the first lesson and that was a little disappointing. I am grateful for those on the journey and my prayer is that each grows and learns from these sessions.</p> <p>Pastor Christian and I meet with Deaconess Natalie who is new to ACE – Adult Christian Education to see if there were any questions prior to her facilitating her first lesson and her first one with this cohort.</p> <p>D101 had its third session and second lesson. Starting to identify who the core students will be. Like seeing how the students are making the connections to the heart work that they must undergo to receive the transformation that they need. There is a group of students who have church hurt from the Pentecostal tradition and seeing them realize what is God’s Word versus Mans inclination is sad to see – church hurt is real, and it makes me all the luckier knowing that ABBA sent me to AGM.</p> <p>Lynn lives in Florida and comes in monthly this is the first time since our mentoring relationship began that we have been able to meet in person. It was a great time she is a Christian professional woman with degrees and knowledge both of the Kingdom and the world and this mentoring relationship as it grows will enable me to grow deeper in so many areas of my life and I am looking forward to all the wisdom she will impart upon me.</p> <p>Setup was actually completed the day before during the dress rehearsal which I missed due to my having Fast Track Class. Surprisingly I was disappointed having missed out on this opportunity to be there and to see Scenes 1 and 3 in its entirety. Production went well the gospel message was brought and ABBA shined through the kids. I am proud of the small role that I had in making the production come off smoothly.</p>

MEETING(S) WITH MENTOR(S) || TOPICS OF DISCUSSION || REFLECTIONS

Lynn shared her background and testimony, and I was shocked to see how far she has come. Not that she has had an outrageous or outlandish life rather what the Creator can do when you are pliable in his hands and allow him to shape and mold you into whom he created you to be. I have a renewed vigor to pursue things not so full throttle ahead rather learning to enjoy the process of being the clay in the potter's hands.
