I dedicate this research to my former neighbor. A sweet and praying Italian woman who also suffers with dementia, thank you for your prayers.

Abstract

ABC.....

Keywords: First line indented, lorem, ipsum, dolor

Introduction: What Is Psychology of Personality?

ABC.....

Why Psychology of Personality is Needed

ABC.....

Erik Erikson Lifespan Theory Method

ABC.....

Stage 8 & The Aging Population

ABC.....

What is Dementia?

ABC.....

Personality Traits That Can Lead To Dementia

ABC.....

The Effects of Cognitive Impairment & Dementia in Aging Persons

No effects of dementia, this should be slightly different information than what was discussed in the “what is dementia” sub topic.

Conclusion

No more than half a page does the research provide a solution to this issue?, what can psychologists start doing now to prevent this, how can caregivers and clinicians give treatment to this population etc.
