Music Business

10-point Response

5/2/2023

This video touches on the aspect of the history of music theater. Its origins date back to ancient times. It explains how in ancient Greece, they combined music with their theater. Later, the Romans adopted Greek styles into their performances. China was also known to have their own different genres of theater, which was accompanied with music. It is nice to see how different parts of the world had a similar approach in bringing their productions together.
