

1. What was the result of Florence Owens "Migrant Mother" photo?

The result of the photo was positive. It states "The government rushed food aid to the starving workers."

2. p. 4 Why should teachers be concerned about teaching visual literacy?

Teachers should be concerned about the visual literacy aspect because it is good for our students to be familiar and educated in visual literacy now more than ever because media is becoming more relevant in classrooms and it can also prepare those students who want to be photographers for the future.

3. p. 7 What are the 5 ways a photo conveys meaning?

Angle , Framing, Light, Focus, Composition
