The following attended the C.A.R.S. training on **01/020/2020**. Event ID: **330548**  
**Tanner Kohl**

Tanner does not have a Develop ID. The Department of Human Services recommends that all participants obtain a Develop ID to track trainings similar to this and to show as proof of attendance. They can still obtain an ID and link it to this training by going to this site: <https://www.developtoolmn.org/app/User/RegisterApp.aspx> The Department of Public Safety does not allow me to give certificates to the participants. **Please consider this your proof of attendance.**
