

On-Site Orientation Checklist (Person Specific)

Employee Name: Tannah Muesel On-Site Date: 12/10/20

Individual Specific

This orientation, your background check, and all over riding training must be completed before a staff is allowed to work independently, or left alone with any individual receiving services. It is intended this document be completed while the staff is working at the site with the individual receiving services present and while assisting with daily routines. After the supervisor has gone over the information with the staff and they have both signed this training document, it will be placed in the staff's training file. At that point, the staff may work independently.

Client Name: Patricia A...

Overriding Medical Needs:	Listed area of training	Date of Training
Physician/Therapist specific Orders:	Listed area of training	Date of Training
CSS/Identified Training:	Listed area of training	Date of Training
I understand I cannot work independently until completing Employee Onsite Orientation, and all over-riding medical training listed above.
