## SERVICE OUTCOME AND SUPPORT

Name: Terri Leonard Outcome #: 2  
Date of development: 5/18/2020  
Projected start date for implementation: 5/25/2020  
Date by which progress towards accomplishing the outcome will be reviewed and evaluated: 5/25/22

Outcome statement with measurable and observable criteria for outcome achievement: Terri will choose a sensory activity daily for 85% of all trials over a 12 month recording period.

Methods or actions that will be used to support the person and to accomplish the outcome: Terri will select a sensory activity by eye pointing and/or facial expressions. Staff will offer Terri two options for sensory.

Changes or modifications necessary to the physical and social environments: In Terri's room that is reasonably quiet so she can hear her options.

Equipment and/or materials required: Scented lotion, massager, water, etc.

Techniques that are used that are consistent with the person's communication mode: Terri communicates using vocalizations, eye pointing, and touch to indicate her choice. Staff communicate with Terri using shortened verbal phrases as well as physical prompts.

Techniques that are used that are consistent with the person's learning style: Terri's learning style appears to be auditory, kinesthetic, visual, and through repetition.

Data collection method: Data will be collected daily.

Names of staff or positions responsible for implementing the supports and methods: DSP, Lead DSP, Designated Coordinator
