SERVICE OUTCOME AND SUPPORT

Name: Sara Valento

Outcome #: 1

Date of development: 6/18/2020

Projected start date for implementation: 6/22/2020

Date by which progress towards accomplishing the outcome will be reviewed and evaluated: 6/21/22

Outcome statement with measurable and observable criteria for outcome achievement: Daily, Sara will independently use a new word or phrase to make a request 75% of all trials over a 12 month period.

Methods or actions that will be used to support the person and to accomplish the outcome: Sara will independently say a new word or request each day. Staff will encourage Sara to use a new word or request daily and give reminders when she does not. Staff will provide Sara with the word or request she made to help her understand the correlation.

Changes or modifications necessary to the physical and social environments: A relatively quiet space for Sara to hear and be able to listen.

Equipment and/or materials required: Requested item or task

Techniques that are used that are consistent with the person's communication mode: Sara communicates using tactile feedback, vocalizations, verbalizing, and facial expressions. Sara has good receptive skills, however, it is best to use shortened verbal phrases when asking her to complete a task.

Techniques that are used that are consistent with the person's learning style: Sara's learns best through auditory, visual, kinesthetic, and repetition.

Data collection method: Data will be collected daily.

Names of staff or positions responsible for implementing the supports and methods: DSP, Lead DSP, Designated Coordinator.
