

PAI

SERVICE OUTCOME AND SUPPORT

Name: James Drew

Outcome #: 1

Date of development: 8/24/21

Projected start date for implementation: 8/30/21

Date by which progress towards accomplishing the outcome will be reviewed and evaluated: 8/30/22

Outcome statement with measurable and observable criteria for outcome achievement: Weekly, James will choose a music genre to listen to on the computer or iPad 85% of all trials over a 12 month period.

Methods or actions that will be used to support the person and to accomplish the outcome: Staff will ask James what genre of music he would like to listen to. Staff can also offer clips of different music for James to choose from. James will make a verbal decision by saying yes or no.

Changes or modifications necessary to the physical and social environments: A quiet environment so James can hear his options and music.

Equipment and/or materials required: iPad or computer

Techniques that are used that are consistent with the person's communication mode: The best way to communicate with James is verbally. He is able to indicate "yes" and "no" by saying "ah-ah" or "nah" with a correlating head shake.

Techniques that are used that are consistent with the person's learning style: James's learning style is visual, auditory, and through repetition.

Data collection method: Data will be collected weekly.

Names of staff or positions responsible for implementing the supports and methods: DSP, Lead DSP, Designated Coordinator.
