

PAI

SERVICE OUTCOME AND SUPPORT

Name: James Drew Outcome #: 2
Date of development: 8/24/21
Projected start date for implementation: 8/30/21
Date by which progress towards accomplishing the outcome will be reviewed and evaluated: 8/30/22

Outcome statement with measurable and observable criteria for outcome achievement: Daily, James will choose a room to visit and verbally greet his peers 85% of all trials over a 12 month period.

Methods or actions that will be used to support the person and to accomplish the outcome: James will choose a room by answering yes/no questions of where or who he would like to visit. Staff will assist James to the room. James will greet his peers and peers or staff will respond positively to his greeting. James can choose if he would like to stay and visit.

Changes or modifications necessary to the physical and social environments: Other rooms

Equipment and/or materials required: NA

Techniques that are used that are consistent with the person's communication mode: The best way to communicate with James is verbally. He is able to indicate "yes" and "no" by saying "ah-ah" or "nah" with a correlating head shake.

Techniques that are used that are consistent with the person's learning style: James's learning style is visual, auditory, and through repetition.

Data collection method: Data will be collected daily.

Names of staff or positions responsible for implementing the supports and methods: DSP, Lead DSP, Designated Coordinator.
