

**SERVICE OUTCOME AND SUPPORT**

**Name:** Alexander Subiaga **Outcome #:** 1  
**Date of development:** 9/23/20  
**Projected start date for implementation:** 9/28/20  
**Date by which progress towards accomplishing the outcome will be reviewed and evaluated:** 9/13/22

**Outcome statement with measurable and observable criteria for outcome achievement:**

Daily, Alex will greet his peers using a prerecorded communication switch 85% or more of all trials over a 12-month period.

**Methods or actions that will be used to support the person and to accomplish the outcome:**

When Alex arrives a program staff will place a prerecorded Mack switch in front of Alex or on his lap as tolerated. Staff will ask Alex to press the Mack switch and greet his peers. If Alex greets a peer staff will help the peer respond and give positive verbal praise.

**Changes or modifications necessary to the physical and social environments:** With peers.

**Equipment and/or materials required:** Communication switch and peers

**Techniques that are used that are consistent with the person’s communication mode:** Alex communicates via facial expressions, and he has shown that he is receptive to verbal communication from staff and peers.

**Techniques that are used that are consistent with the person’s learning style:** To the best conjecture of the team Alex’s learning style is kinesthetic.

**Data collection method:** Data will be collected daily.

**Names of staff or positions responsible for implementing the supports and methods:**

DSP, Lead DSP, Designated Coordinator
