

# PAI

## SERVICE OUTCOME AND SUPPORT

Name: Linda Schroeder Outcome #: 1  
Date of development: September 27, 2021  
Projected start date for implementation: September 28, 2021  
Date by which progress towards accomplishing the outcome will be reviewed and evaluated: March 2021

Outcome statement with measurable and observable criteria for outcome achievement:  
Linda will walk the halls and/or stretch daily at PAI, 75% of all trials for the next 6 months.

Methods or actions that will be used to support the person and to accomplish the outcome:  
Staff will encourage Linda to move her body (walking and/or stretching) at least once a day while at PAI. Staff will remind Linda of the importance of utilizing movement for her body to remain physically healthy.

Changes or modifications necessary to the physical and social environments:  
N/A

Equipment and/or materials required:  
N/A

Techniques that are used that are consistent with the person's communication mode:  
Linda communicates verbally. Staff will verbally encourage Linda to move her body. Staff will verbally remind Linda that moving her body is important to maintain physical health.

Techniques that are used that are consistent with the person's learning style:  
Linda learns best by verbal instruction along with space for her to ask questions for understanding. Staff will verbally encourage and remind Linda to complete her outcome and remind her why it is important.

Data collection method:  
A data sheet will be used daily at PAI. If Linda walks and/or stretches, staff will mark a "Y" on the data sheet. If Linda does not walk and/or stretch, staff will mark an "N."

Names of staff or positions responsible for implementing the supports and methods:  
Program Supervisor/Designated Coordinator, Direct Support Professionals 1 & 2.
